apprenticeships/aas-plumbing-apprenticeship/)		

Associate of Applied Science Degree: Electrical Apprenticeship

This Associate of Applied Science degree is designed for the student who has completed an apprenticeship program and has a current Idaho journeyman license.

Federal Financial Aid is not applicable for this program.

Once the Electrical Apprenticeship student completes the required hours in the apprenticeship program, has been verified by Workforce Training, and has completed the General Education requirements for the degree, the student can complete the Prior Learning Assessment (PLA) process to be awarded 52 credits of ELAP coursework listed in the program requirements. Please see the PLA process in the ISU Undergraduate Catalog.

Associate of Applied Science Degree: Plumbing Apprenticeship

This Associate of Applied Science degree is designed for the student who has completed an apprenticeship program and has a current Idaho plumber's license.

Federal Financial Aid is not applicable for this program.

Once the Electrical Apprenticeship student completes the required hours in the apprenticeship program, has been verified by Workforce Training, and has completed the General Education requirements for the degree, the student can complete the Prior Learning Assessment (PLA) process to be awarded 52 credits of PLAP coursework listed in the program requirements. Please see the PLA process in the ISU Undergraduate Catalog.
